John Meyer Consulting (JMC) was founded in 1980 by John H. Meyer, PE, PP, F.ASCE. The original office was located in the Meyer home in Pleasantville, N.Y. Adhering to his anywhere-anytime philosophy, Meyer and his associates steadily and strategically grew the company into a highly regarded multi-disciplinary site development consulting firm. The basic belief in quality first and team work is evident in their work and the results achieved for their clients. JMC has a strong belief in giving back to the community, supporting charitable causes and mentoring students on a regular basis. Their personal and professional beliefs and commitments have evolved into a company with a family environment, holding professional excellence and relationships as priorities.

Today, JMC is a firm of more than 40 professionals providing site design and permitting services for land development projects throughout the country. The firm looks forward to continuing to dedicate itself to cutting edge services, while remaining true to the principles upon which the firm was founded.
