

Company Profiles: O'Dea, Lynch, Abbattista

December 04, 2009 - Shopping Centers

Since 1974 O'Dea, Lynch, Abbattista (OLA) Consulting Engineers has built a reputation for providing innovative engineering services to meet its clients' needs and exceed their expectations. Focused on client service, their engineers are looking for the best energy solution within each project to serve their clients for years to come. OLA's mechanical and electrical designs are consistently recognized by its peers, receiving awards from ACEC, AIA, and Consulting Specifying Engineer magazine.

Today OLA is an industry leader in all aspects of building systems analysis, design, and commissioning. The firm is committed to introducing sustainable design and energy conservation measures to all of their projects. They strive to produce designs that will have a positive impact on the environment. The continuing education of the firms staff is paramount in its effort to deliver innovative solutions and designs.

The firm's principals are licensed in 44 states and Puerto Rico. Of our 40 person staff 14 are licensed professional engineers and 24 are LEED Accredited Professionals, including all five principals.
